Brief Summary of Selected Substantive Portions of this Response

[0001] In a telephone discussion on January 26, 2009, Examiner Kaplan indicated the proposed amendment of the first security engine, the second security engine, and the event manager being included in a single host computer appeared to overcome the present rejections of record. Amendments are presented herein based on the discussion with the Examiner

[0002] This brief summary is not intended to represent the Applicant's full response to the Action. Rather, it is merely a brief summary of selected substantive portions of the response herein.
